CLEARSPAN CREATES PREMIER BUILDING SOLUTIONS FOR ANY **AVIATION AND AEROSPACE NEED**

ClearSpan provides versatile structures that can be utilized by any airfield or aviation business and in any application, whether it's for hangars, workspace or any other need. ClearSpan buildings ensure an environment that is safe for storing valuable vehicles and equipment, while also creating an atmosphere that is comfortable for workers. With a one-stop shopping experience and custom, stock and turnkey buildings available, there is a ClearSpan structure for any use.

The ClearSpan Aviation Advantage:

Available in fabric, metal and hybrid styles.

Build up to 300' wide and at any length - House any aircraft.
Low cost per square foot.

Spacious interiors - No internal support posts for maximum usable space.

Energy-efficient designs - Natural lighting and climate-sensitive covers.

Durable construction and industry-leading warranties - 50 years on steel frames, 25 years on corrugated metal and 20 years on fabric covers.

Maximum ventilation, reduced moisture - Ideal environment for planes and equipment.

Multiple foundation options - Save time and money with our Helical Anchor System.

CUSTOMER TESTIMONIALS

"Our initial investment was much lower than a wood or metal structure. We were able to get this building up and fast, and it is easy to maintain. We are very happy with our fabric structure. You get a lot of bang for your buck with a ClearSpan building."

- Steve Wegener, Kuhlman Corporation, Toledo, Ohio

"I recommend you immediately establish a relationship with the sales team. They will guide you the rest of the way, making it so much easier to decide on the size and style of building you need. Their knowledge is best."

- Terry Tormohlen, Countryside Pullets, Fort Morgan, Colo.

"We've found that for operational and functional purposes, the fabric building from ClearSpan has been working out much better than the old wood structure. It's also very nice looking."

- Bob Umashankar, City of Hartford, Hartford, Conn.

COVERS BUILT FOR STRENGTH

Lifting a 2008 Dodge quad using our 12.5 oz cover material and structural steel frame.
