Made in the USA

CLEARSPAN COMMODITY HD BUILDINGS FEATURE AN OPEN SIDE THAT **SIMPLIFIES BULK AND AGGREGATE STORAGE**

The ClearSpan Commodity HD Building is the ideal storage solution, and the open side makes accessing materials with equipment or vehicles easier than ever. The large opening streamlines work by allowing multiple vehicles to access the building, and there is plenty of clearance for equipment to be operated within the structure's threshold.

The ClearSpan Commodity HD Building Advantage:

Ideal for municipalities, bulk supply, construction and more.

Durable construction that withstands corrosive environments
- Built from USA-made, triple-galvanized steel.

Covers built for strength - 12.5 oz., 24 mil rip-stop polyethylene that is UV resistant and comes in choice of four colors.

Features an open front wall and adjustable back wall curtain that protects livestock.

Optional panels available to enclose the structure - Custom accessories, side and end panels ensure the ideal building solution.

Industry-leading warranties - 50 years on the frame and 25 years on the metal cover.

CUSTOMER TESTIMONIALS

"We are really happy with our ClearSpan Truss Arch Building. Having a door on both ends creates a nice breeze and really nice place for work. Plus, it provides great ventilation for hay."

- Al Mensen, County Line Farms, Dyersville, Iowa

"We converted the parking lot into a building without losing any of the parking lot functions, I can park equipment inside, but if I need the space for something else, I have a great covered space."

- Jim Seley, Feed Commodities, LLC, Tacoma, WA.

"We are extremely happy with these buildings, hay bales are dry and retaining valuable nutrients. We are extremely happy with these buildings"

- Steffen Schneider, Hawthorne Valley Farm, Ghent, NY.
