CLEARSPAN CREATES DAIRY STRUCTURES THAT IMPROVE EFFICIENCY AND PROMOTE **HIGHER YIELDS**

ClearSpan buildings can save your dairy operation time, labor and money. They're constructed with both livestock and farmers in mind, and their unique designs lead to a healthier, more comfortable environment for livestock. The structures provide a controlled environment, and the wide open spaces and ample clearance create plenty of space for work or storage, significantly improving efficiency. With turnkey, stock and custom designs, there is a ClearSpan structure for any dairy need.

The ClearSpan Dairy Advantage:

Healthier livestock - Controlled environments protect livestock from even the most extreme weather, helps to limit injuries, supports improved milk production and higher yields.

Climate-sensitive covers - 20 degrees cooler in summer, 20 degrees warmer in winter.

Low cost per square foot and energy-efficient designs - Natural lighting reduces utilities costs. Available in fabric, metal and hybrid styles.

Durable construction and industry-leading warranties - 50 years on steel frames, 25 years on corrugated metal and 20 years on fabric covers.

Maximum ventilation, dry environments - Natural ventilation supports a healthy, fresh environment.

No internal support posts - Maximum space, house livestock of any size or quantity.

CUSTOMER TESTIMONIALS

"We love the customizable features. We had the ability to choose our foundation, so we went with the bridge timbers. We also decided to install large fans for ventilation, and this has alleviated our summer heat problems for both the workers and the cows."

- Daniel Gish, Burnt Chimney Dairy, Burnt Chimney, Va.

"The natural light, large open space and good ventilation are the three features we like about the building."

- Ron White, Circle W Farms, Lancaster, Wis.

"Here in Wisconsin we get high winds, tornados, blizzards, super hot weather, as well as freezing cold weather. The cover stays put, and the animals inside are safe and secure."

- Katrina Gleason, Gleason Cattle Company, Shullsburg, Wis.
