

ClearSpan Hybrid Buildings provide the benefits of both fabric and metal buildings

ClearSpan Hybrid Buildings utilize an innovative design that features a fabric roof and choice of steel or fabric sidewalls. Featuring the same versatility, dependability and industry-leading warranties, ClearSpan provides custom and turnkey Hybrid Buildings to meet any need, no matter how specific.

The ClearSpan Hybrid Building Advantage

Fabric and metal cladding - Choose the option that is right for your operation.

Versatile foundation designs - Helical anchors, pony walls, concrete blocks, concrete pads and more.

Energy-efficient options - Utilizing natural lighting and ventilation, ClearSpan structures can provide monthly energy savings.

Industry-leading warranties - Up to 50-year frame warranties and various cladding warranties.

Custom designs - Customize your structure with all the necessary features and accessories, like HVAC equipment, windows, lighting and much more.

In-house services - Streamline your next building project with financing, engineering and installation.
