

ClearSpan buildings are the oil and gas professional's premier structural solution

ClearSpan buildings are designed to meet the needs of the oil and gas industry. These structures provide open floorplans, plenty of clearance and can be permanent or temporary, making them ideal for long-term projects. With custom and turnkey designs, ClearSpan can create a building for any oil and gas operation.

The ClearSpan Oil and Gas Advantage

Fabric, pre-engineered metal and cold formed buildings - Choose your operation's ideal solution.

Versatile foundation designs - Helical anchors, pony walls, concrete blocks, concrete pads, shipping containers and more.

Energy-efficient options - Utilizing natural lighting and ventilation, ClearSpan structures can provide monthly energy savings.

Industry-leading warranties - Up to 50-year frame warranties and various cladding warranties.

Custom designs - Customize your structure with all the necessary features and accessories, like HVAC equipment, windows, lighting and much more.

In-house services - Streamline your next building project with financing, engineering and installation.
