# FABRIC STRUCTURES

ClearSpan **Fabric Structures** efficiently complement any business, providing durability and utilities savings monthly.

Whether it's for a new or existing business, ClearSpan's custom and turnkey fabric buildings can be easily integrated and improve operational efficiencies. Manufactured in ClearSpan's state-of-the-art facility, each structure is created to meet your precise needs. These fabric structures are designed to grow with your business and feature industry-leading warranties, so you know your building will last decades into the future.

## The ClearSpan Fabric Structure Advantage includes:

**Durable fabric cladding** - Options range from 12.5 oz. polyethylene to the exclusive 29 oz. Armor Shield vinyl.

**Ultra-durable steel frames** - ClearSpan truss arch and I-Beam frames both feature 50 year warranties.

**Engineered designs** - These buildings can meet any local building codes or wind and snow load requirements.

**One-stop shopping experience** - ClearSpan can provide doors, HVAC, lighting packages and much more.

## Energy-efficient and climate-sensitive fabric covers

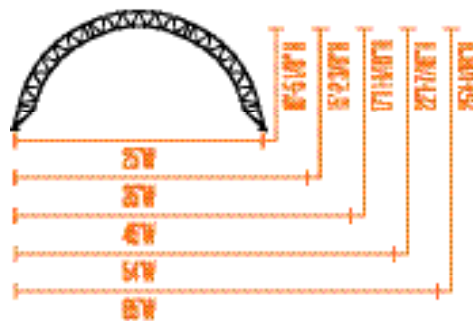

ClearSpan's 12.5 oz. polyethylene cover lets natural light filter through, eliminating the need for artificial daytime lighting. These covers feature a 20 year warranty. Have an extreme application? No problem, ClearSpan's Armor Shield cover features 7 layer construction and a 30 year warranty for the utmost durability.

ClearSpan provides versatile foundation solutions that allow you to build nearly anywhere. Ask about our exclusive Helical Anchoring System.

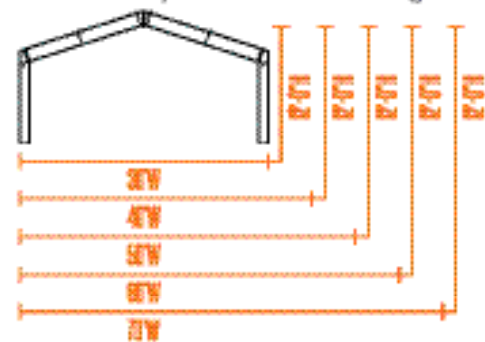

Convenient in-house services, including design, financing and installation, simplifying and streamlining your building project.
