

ClearSpan Monoslope Buildings create ideal livestock housing or covered storage space

ClearSpan Monoslope Buildings provide a clean, modern appearance with a roof that slopes in one direction. These structures can be designed with an open front wall that makes accessing the interior simple or completely enclosed to create separate, secure bays. Whether it's for housing livestock, storing aggregates, a self-storage facility or anything else, Monoslopes can optimize any operation.

The ClearSpan Monoslope Building Advantage

Fabric, pre-engineered metal and cold formed buildings - Choose your operation's ideal solution.

Versatile foundation designs - Helical anchors, pony walls, concrete blocks, concrete pads and more.

Industry-leading warranties - Up to 50-year frame warranties and various cladding warranties.

Spacious interior - Maximize storage, operate vehicles and machinery and easily move livestock within the structure.

Custom designs - Customize your structure with all the necessary features and accessories, like bay doors, HVAC, lighting and much more.

Energy-efficient options - Utilizing natural lighting and ventilation, ClearSpan structures can provide monthly energy savings.

In-house services - Streamline your next building project with financing, engineering and installation.
